THE POWERFUL GROUP EXPERIENCE

“Many came to this group unsure what to think and not planning to make friends. They developed deep connections with one another and even provided pot luck meals for each other weekly. Together, they learned the important nuances of communication, including giving and receiving feedback. For some, this was the first time they really felt heard. With a 100% graduation rate, these women showed how powerful the group experience can be in achieving success.”

— Molly Kruger, Cheyenne Program Director

“Climb was such a great experience not only for me but my whole family. I’m so thankful for my new friends. I’m excited for my next chapter to start and to see what the future holds for me.”
