

CASPER PROGRAM REPORT

OFFICE CAREERS TRAINING

FEBRUARY–APRIL 2017

Climb

W Y O M I N G

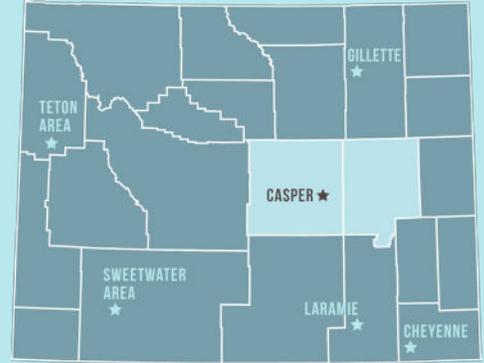

THE POWERFUL GROUP EXPERIENCE

“Before Climb, these women felt disconnected from other people and pretty alone in the world. They came in really craving the social capital that the Climb program builds for participants. Because they were so willing to share their stories and connect with each other, they built relationships that will serve them well in their professional and personal lives. We all need connections with other human beings in order to navigate life’s challenges—and now they have that foundation for themselves and their children.”

— Lesha Thorvaldson, Casper Program Director
