

SWEETWATER PROGRAM REPORT

COMMERCIAL TRUCK DRIVING (CDL) TRAINING

FEBRUARY–APRIL 2018

Climb

W Y O M I N G

A PATH TO SUCCESS

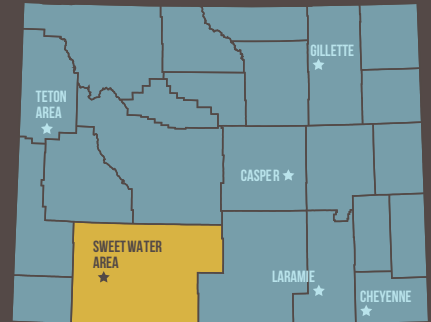

“This training was life-changing not only for the women in this program but also for their 25 kids who range in age from infants to teens. This next generation will have more opportunities and increased stability thanks to the hard work and determination their moms put in day after day. Nobody missed any training time, and they all did amazing on their driving certification tests.

“I am becoming a stronger, more accomplished, better version of me!”

— Sasha, Program Participant

For our community, this program is a WIN-WIN—our workforce needed these skilled employees, and these women and their families needed a path to success.”

— Brittany Gray, Sweetwater Program Director
